A resolution approving a proposed Third Amendment to Purchase Agreement between the City and County of Denver and Cartegraph Systems, LLC to extend the term, increase the maximum contract amount and amend provisions for a cloud-based system to manage the City's transportation assets.

Amends a contract with Cartegraph Systems, LLC by adding \$344,712.90 for a new total of \$1,325,186.67 and one year for a new end date of 9-29-22 for a cloud-based system to manage the City's traffic signals, signs, and other traffic management assets, citywide (201733328-03; DOTI-202160060-03). The last regularly scheduled Council meeting within the 30-day review period is on 10-4-21. The Committee approved filing this item at its meeting on 8-31-21.

Affected Council District(s) or citywide? Citywide

Contract Control Number: 201733328-03; DOTI-202160060-03

Vendor/Contractor Name (including any "DBA"): Cartegraph Systems LLC

Type and Scope of services to be performed:

Cartegraph currently serves as DOTI's asset and work order management system for all static and dynamic traffic control elements in the public right-of-way (signs, signals, markings, vertical elements, other). DOTI has spent considerable time and investment over the last three years to stand up a functional system by inputting assets, cleaning up data, and training field staff to enter information to capture each action performed by internal maintenance staff, contractors, and others. The Division has also invested in iPads and other management software to support these processes. Extending the current contract will allow DOTI to continue expanding its use of Cartegraph to track achievement of key work program metrics. The scope and pricing was re-negotiated with the vendor and costs are reflected in the attached updated scope document. The original contract was awarded through a competitive process. This is similar to the renewal of other asset management systems within DOTI such as Deighton (dTims) used in the Street Maintenance Division. This strategy was devised in collaboration with the Office of Asset Management.
