A resolution approving a proposed Seventh Amendatory Agreement by and between the City and County of Denver and Tyler Technologies, Inc. to extend the term, increase the contract maximum amount and incorporate pricing exhibit to provide annual software maintenance for the CAMA and OASIS systems.

Amends a contract with Tyler Technologies, Inc. by adding \$502,721 for a new total of \$2,591,224.20 and two years for a new end date of 12-31-20 for continued maintenance and technical support for systems used for the purpose of assessing property value and the billing and collecting of property taxes, citywide (TECHS-CE62074). The last regularly scheduled Council meeting within the 30-day review period is on 1-2-19. The Committee approved filing this item at its meeting on 11-27-18.

Affected Council District(s) or citywide?

Contract Control Number: TECHS-CE62074

Vendor/Contractor Name (including any "DBA"): Tyler Technologies Inc.

Type and Scope of services to be performed:

The Department of Finance (Assessment, Controller’s Office and Treasury) currently uses Tyler Technologies’ MAS CAMA, OASIS, LANDISC, Recording and Tyler Content Manager systems for the purpose of assessing property value and the billing and collecting of property taxes. Technology Services is currently working with Tyler Technologies to move this from an on-premise version to their cloud version. It is anticipated that the system will not be fully upgraded to the cloud version until 2020. The City will need to continue the use of the current on-premise version until the system has been fully migrated. To ensure proper function of the current system, the City needs to purchase continued maintenance and technical support from Tyler Technologies, Inc. This is a continuation of the support levels offered in the current contract.

After the City has successfully migrated to Tyler Technologies’ cloud version, this contract will be terminated as the cloud version is managed under a separate agreement.
