Type and Scope of services to be performed:

The HOME Investment Partnerships Program provides formula grants to states and localities that communities use, often in partnership with local nonprofit groups, for building, buying, and/or rehabilitating affordable housing for rent or homeownership or providing direct rental assistance to low-income people. It is the largest federal block grant to state and local governments designed exclusively to create affordable housing for low-income households.

The program was designed to reinforce several important values and principles of community development:

- HOME's flexibility empowers people and communities to design and implement strategies tailored to their own needs and priorities.
- HOME's emphasis on consolidated planning expands and strengthens partnerships among all levels of government and the private sector in the development of affordable housing.
- HOME's technical assistance activities and set-aside for qualified community-based nonprofit housing groups builds the capacity of these partners.
- HOME's requirement that grantees match 25 cents of every dollar in program funds mobilizes community resources in support of affordable housing.

HUD's annual formula allocation considers the relative inadequacy of each jurisdiction's housing supply, its incidence of poverty, its fiscal distress, and other factors. HOME-assisted rental housing must comply with certain rent limitations. HOME rent limits are published each year by HUD along with maximum per unit subsidy limits and maximum purchase-price limits.

The eligibility of households for HOME assistance varies with the nature of the funded activity. In general, the incomes of households receiving HUD assistance must not exceed 80% AMI. For rental housing and rental assistance, at least 90% of benefiting families must have incomes that are no more than 60% AMI. In rental projects with five or more assisted units, at least 20% of the units must be occupied by families with incomes that do not exceed 50% AMI.

Local HOME funds have decreased 26.2% since 2010. Denver's 10-year summary of HOME allocations is as follows:

Program	Program Year	Authorized Amount
HOME	2008	\$3,980,336.00
HOME	2009	\$4,384,470.00
HOME	2010	\$4,365,893.00
