File #: 13-0077 **Version:** 1

Type: Bill **Status:** Passed

File created: 2/7/2013 **In control:** Consent

On agenda: 2/7/2013 **Final action:** 2/25/2013

Title: Amends the existing Technical Services Agreement with Deighton Associates Limited to extend for an additional year and increase the maximum expenditure amount by \$200,000 for pavement/asset management consulting services on a pilot project for street, alley, and bridge network (CE01113-2). Amendment to existing Technical Services Agreement including Pavement/Asset Management consulting services for street, alley and bridge network.

A pilot project that will provide Street Maintenance a functional and integrated maintenance management solution using the Major Machine Patching, Pothole Patching, and Paving Work Programs as test cases on which to build out the full maintenance management solution for the Division. In addition, this scope includes running the 2013 analysis and generating the 6 year plan, conversion and upgrade of Denver Street Maintenance’s existing condition data collection application to the dTIMS Inspections Module. In addition, the proposal includes time for cleanup and archive of the PMS database, creation of new workflows to automate additional processes, creation of new SQL Reporting Services standard reports, and implementation of the Deighton external file functionality to simplify updates to annual costs and other parameters.
