Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

This ordinance modifies the language describing the primary residence requirement for the existing short-term rental business license. Currently, short-term rental licensees may only operate a short-term rental at their primary residence. This ordinance will remove application requirements from the definition and clarify that the director's determination of primary residence shall be for the term of the license sought. The ordinance also includes a list of factors that the director may consider when determining whether the address listed by an applicant is

their primary residence and allows applicants to proactively provide relevant information related to the primary residence determination upon application. Finally, the ordinance makes technical and grammatical changes to existing language.
