Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

Amendments to the DSBO Ordinance will extend the DSBO program for eight months to allow for more time to discuss community recommendations to the DSBO program and identify needed changes to the Ordinance, Rules and Regulations or internal policies and procedures.

- Amendments will also include lengthening the certification term for SBEs and MWBEs from

one year to three years, an adjustment that we believe will remove unnecessary administrative burdens for DSBO staff and certified firms.

- Finally, the amendments will clarify DSBO's goal-setting process now that we have discontinued using external community stakeholders as committee members. This shift was made to bring our goal-setting process in line with city procurement standards as defined by the City Attorney's Office, and to further reduce the potential for a conflict of interest or premature disclosure of project information prior to advertisement.

- In addition, amendments will address definitions and typos.
