A resolution approving a proposed Escrow Agreement between the City and County of Denver, Curtis Park Group, LLC, Root Residential, LLC, and U.S. Bank National Association to satisfy an amended affordable housing plan for the S*Park project as an alternate to compliance with the Inclusionary Housing Ordinance.

Approves an agreement with Curtis Park Group, LLC; Root Residential, LLC; and U.S. Bank National Association to create an escrow agreement for \$3,596,953.08 to create 14 affordable multi-bedroom units located at 2642-2658 Arapahoe Street to satisfy the affordable housing requirements imposed for the S*Park development at 2500 and 2600 Arapahoe Street in Council District 9 (FINAN-201843335-00). The last regularly scheduled Council meeting within the 30-day review period is on 8-27-18. The Committee approved filing this item at its meeting on 7-25-18.

Affected Council District(s) or citywide? Council District 9

Contract Control Number: FINAN-201843335-00

Vendor/Contractor Name (including any "DBA"):

Curtis Park Group LLC., Root Residential LLC., and US Bank N.A.

Type and Scope of services to be performed:

This is an alternative build proposal to fulfill the requirements of the city's Inclusionary Housing Ordinance (IHO), which was in effect at the time the original Affordable Housing Plan was filed by the developer of the S*Park development in October 2016. The original project is S*Park and the affordable project is adjacent to it, called the Arapahoe Strip at 2642-2658 Arapahoe Street. The market rate units will be developed in two phases with a total of 200 units - 99 units in the first phase at the 2500 Block of the S*Park Project and another 101 units at the 2600 Block of the S*Park project. The S*Park Project and the Arapahoe Strip are both located in Council District 9.

Denver's Inclusionary Housing Ordinance, which was effect through December 31, 2016, required all developments of 30 or more for-sale units to provide ten percent (10%) of those units as affordable to households earning less than 80% AMI or 95% AMI, depending on the build type. In lieu of building the required affordable units on-site, developers were allowed to propose an alternative compliance option to provide the affordable units at a different site within a proximate statistical neighborhood.

In addition, a developer could propose to partner with a third-party developer for the off-site replacement units. In these instances, the city has required a three-party escrow account agreement for deposit by the developer of the donation to the third party. As part of an escrow agreement, the OED Chief Housing Officer signs for the release of draws by the third party based on agreed upon construction milestones. The costs of these individual escrow agreements are paid through the donation amount, not by the city. A number of individual off-site escrow agreements have been introduced on several affordable housing projects, and each follows all city contracting processes.

If they were to be built onsite under the standard requirements, the S*Park development's delivery of affordable units to fulfill the IHO would be 20 units. The 14 larger units that are the subject of this alternative build proposal offer the city the benefit of additional bedrooms-a desirable accommodation for larger families-than would have been created under the IHO. The 14 affordable units will satisfy the Affordable Housing Requirements for S*Park for both Phase 1 and Phase 2 provided that the two phases do not collectively contain more than 414 bedrooms.
