A resolution approving a proposed Agreement between the City and County of Denver and Concrete Works of Colorado, Inc. concerning the rehabilitation of the Pikes Peak Parking facility at Denver International Airport.

Approves a contract with Concrete Works of Colorado Inc. for \$19,821,807 and for seven months for the rehabilitation of the Pikes Peak Parking facility, including removing and reconditioning pavement, placing 17 new concrete shelter islands with new enclosed shelter buildings, milling existing parking areas and placing concrete pavement overlay, updating electrical, HVAC, and lighting, and other services, at Denver International Airport (201845783). The last regularly scheduled Council meeting within the 30-day review period is on 4-15-19. The Committee approved filing this item at its meeting on 3-13-19.

Affected Council District(s) or citywide?

Contract Control Number: 201845783

Vendor/Contractor Name (including any "DBA"): Concrete Works of Colorado Inc.

Type and Scope of services to be performed:

This project is for the rehabilitation of the Pikes Peak Parking facility. The facility is a 65-acre (314,600 square yard) asphalt and concrete pavement parking facility with bus and vehicle traffic loading (8215 linear foot of bus lanes, 8,950 parking spots and 17 bus stop islands with shelters). This facility has surpassed its 20-year design life cycle. The lot currently shows heavy surface cracking, surface heaving, pot holing, joint separation and sub-surface damage resulting in increased and high maintenance activities, public safety concerns, lot disruption/closures, unpleasant driving conditions and American Disability Act (ADA) deficiencies and public safety issues. The restoration of the Pikes Peak Parking facility will result in lower maintenance activities, decreased customer impacts/closures, minimized public safety concerns, improved driving conditions for both shuttles and customers, and will align with all ADA Codes and requirements.
