Affected Council District(s) or citywide? Council Districts 9 and 10

Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

Business Improvements Districts (BID's) are organized for the benefit of commercial properties to assist with infrastructure improvements and their maintenance, as well as having the ability to perform marketing and economic development activities. This is the operating plan and budget for Downtown Denver BID (the "District") and it is submitted annually.

General Description of District and Location: The District covers a 120- block area within central downtown Denver. The District is centered on the 16th Street Mall from Grant and Colfax to Wewatta Street extending approximately 4 blocks on the east to 20th Street and to Speer Blvd on the west side of 16th Street.

The District is a property-owner funded management district that provides the following services and improvements: capital improvement projects, cleaning and maintenance, marketing and communication of District events and programs, economic development services, transportation initiatives and safety services.

Operations and improvements of the District are financed by special assessments on real commercial property within the District, IGAs, interest, grants, and fees.

In 2001, the electors overwhelmingly supported a proposal to significantly increase special assessments and the District increased its core services - litter and trash removal, sidewalk sweeping, and alley cleaning throughout downtown Denver and broadened its safety services. These safety services included Downtown Ambassadors, a homeless outreach program, and currently the establishment of the Security Network Radio communications system.

District Structure: The District has no debt and no mill levy. The majority of the District is financed by a special assessment that is based upon a formula of property size, building size, and geographic location to meet the proposed budgetary expenditures for 2022. The District also generates revenues via IGAs, interest, grants, and fees. The 2022 budgeted expenses are \$9,408,520 which are comprised of: \$7,945,006 Operating and Maintenance; \$6,750 Capital Fund expenses; \$121,750 Periodic Maintenance Fund expenses; \$60,000 Special Projects/Contingency expenses; and \$1,275,014 Enterprise expenses. The Board of Directors is composed of 7 electors.
