A resolution approving a proposed Contract between the City and County of Denver and Gerald H. Phipps, Inc. for renovation of the Denver Central Library including addressing significant safety and security issues and addressing deferred maintenance as part of the Elevate Denver Bond program, in Council District 10.

Approves a contract with Gerald H. Phipps, Inc. for \$45 million and for three years to provide Construction Manager / General Contractor (CM/GC) services for renovation of the Denver Public Library, Central Library including addressing significant safety and security issues, correcting deferred maintenance and reconfiguring the building to allow for modern library programs, services and resources as part of the Elevate Denver Bond program, in Council District 10 (202053365). The last regularly scheduled Council meeting within the 30-day review period is on 6-29-20. The Committee approved filing this item at its meeting on 5-26-20.

Affected Council District(s) or citywide? Council District 10

Contract Control Number: 202053365

Vendor/Contractor Name (including any "DBA"): Gerald H. Phipps, Inc.

Type and Scope of services to be performed:

The original portion of Central Library was constructed in the 1950s, but the majority of the building addition was built in the mid-1990's. The interior layout is dated as library usage patterns have evolved significantly in recent years, and the current layout does not meet the needs of the current and growing service area population.

The scope includes addressing significant safety and security issues, correcting deferred maintenance and reconfiguring the building to allow for modern library programs, services and resources. This phase of the project concentrates on infrastructure and deferred maintenance throughout the 540,000-square-foot building but reconfiguration of spaces for safety, security and programs in the basement and first floors only.
