Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

In April 2017, the Career Service Board approved the annual Pay Survey market analysis. Included in those recommendations, were individual pay grade adjustments and corresponding employee pay increase effective 1/1/2018 for 142 classifications. The approved individual pay grade adjustments created unanticipated issues within certain existing organizational career paths and structure for classifications who have relationships to other classifications who were approved for an individual pay grade adjustment. This is a request to amend the 2017 Pay Survey market analysis and add additional classification titles that were not included in the original list of approved individual pay grade adjustments. These classifications are proposed to receive an individual pay grade adjustment and the employees would receive the associated pay grade increases effective 1/1/2018. The additional classifications are used at Denver Human Services and the Department of Finance.
