The FCC currently only uses the main level of the facility; the garden level and upper level have remained unused for over a year. Programmatic components for the Solutions Center shall include, but not be limited to, a crisis clinic, and a 32-day transitional residence. The crisis clinic on the garden level will consist of 6 consumer rooms for a 23-hour stay, and 16 crisis stabilization rooms for stays up to 5 days. There will also be private toilets, a triage nurse station, and a medical exam room. The 32-day transitional residence will consist of 30 beds on the upper level and will be used for transitional residences for up to 32-days.
