Type and Scope of services to be performed:

Each day DFD personnel are subjected to environments that pose Immediate Danger to Life or Health. These environments are filled with life-threatening substances, chemicals and temperatures that increasingly put firefighters at risk. Therefore, it is necessary for all DFD members to be equipped with turnout gear that aligns with industry best practices mitigating and diminishing threats to the health and safety of firefighters when they are in the field. A thorough, competitive RFP was conducted to find a solution is to ensure all firefighters are equipped with the most durable, protective and functional gear. As a result, the RFP was awarded to the supplier that best met the standards of the DFD.
