A bill for an ordinance making a supplemental appropriation from General Fund Contingency to the Department of Finance to make a payment to the Denver Employees Retirement Plan.

Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

The City and County of Denver's contributions to DERP are increasing by 3.5% of salaries in 2020. The 2020 Budget reflects an equal split in the increase between the employees and the City, such that contributions from both will increase by 1.75% of salaries. After hearing from City employees, the Mayor's Administration has made a commitment to make a payment to offset the General Fund employees' contributions in the amount of \$4,772,435, or 1% of the 1.75%. This supplemental request rescinds \$4,772,435 from General Fund contingency for the payment, which will be made by the Department of Finance. After this rescission from contingency and assuming a separate bill request for a General Fund rescission in the amount of \$6,146,000 to make supplemental appropriations is approved, there will be \$8,266,127 remaining in General Fund contingency at year-end.
