Vendor/Contractor Name (including any "DBA"): Environmental Hazmat Services, Inc.

Type and Scope of services to be performed:

Since its start, this Cleanup service has become more useful to the City. In the last year user City agencies expanded from just Solid Waste and Parks Rangers to now include regular use by Police and Sheriff. In particular, the Police have made regular use of contractor services on a rapid response basis, whereby the contractor must provide on-site services within a 1 to 2 hour window of time at all hours of the day and night in facilitation of the arrest of individuals whose possessions or wastes require collection or disposal.

This contract amendment is needed to clarify performance expectations especially regarding rapid response to Police requests for service, and to compensate the contractor, as is customary in the industry, for added costs incurred for maintaining rapid response status and mobilizing in the 1-2 hour time frame esp nights, weekends and holidays.
