Type and Scope of services to be performed:

The Department of Transportation and Infrastructure (DOTI) Wastewater Management Division (WMD) operates as an enterprise fund providing Sanitary Sewer and Storm Drainage services to Denver residents. The billing system currently used is outdated and limited in functionality. Sanitary billing is accomplished through Denver Water at a cost of over \$2 million annually. DOTI WMD currently has approximately 165,000 Sanitary Sewer customers and 166,617 Storm Drainage customers. The DOTI WMD is looking to replace their current billing systems for Sanitary Sewers and Storm Drainage and combine the two bills and two billing systems into a single invoice using one system.

In addition, the DOTI Solid Waste Management needs the ability to bill for Solid Waste services (e.g. Trash, Recycling, and Composting) and to accommodate in the future new billing types (e.g. Citations).
