Contract Control Number: DOTI-202055581

Vendor/Contractor Name (including any "DBA"): PayByPhone Technologies, Inc

Type and Scope of services to be performed:

The PaybyPhone mobile pay application allows customers to pay for parking with a mobile application or with their phone and will be implemented in all paid parking areas throughout the City. The application allows for people to pay for parking without touching any infrastructure and extends the life of the current on-street meter technology. The scope of this project includes the ability for City customers to purchase and monitor their on-street parking through a Mobile Application; integrated enforcement capability; integration with existing City software systems and Third-Party systems (ie. Conduent); a marketing and education program to ensure adoption of the Mobile Payment program; revenue reconciliation and reporting; a training program for City staff; and support for both the City parking customer and City Staff.
