Contract Control Number: 202055338

Vendor/Contractor Name (including any "DBA"): Beumer LifeCycle Management LLC

Type and Scope of services to be performed:

Beumer LifeCycle Management, LLC (Beumer) has been selected to provide operation and maintenance services on a fully automated Individual Carrier System (ICS) Baggage Handling System (BHS), located in the main terminal at Denver International Airport (DEN). This service will be required after the Consolidated-Checked Bag Resolution Area (CBRA) Project is completed, currently planned for Fall of 2021. The contractor will supply a site management team, and a 24x7 technical staff to complete the scope of work requirements. Work performed shall include electrical, mechanical, controls, information technology (IT) related systems maintenance, and spare parts management utilizing a computerized maintenance management system (CMMS). Beumer will maintain the ICS on a predictive and preventive maintenance basis in a safe and efficient manner such that equipment is inspected regularly and changed or repaired prior to actual failure so that equipment operates continuously without unexpected failure. The contractor will provide all labor and procure spare parts, materials, and consumables to promptly repair, rebuild, and/or replace all damaged, worn or defective parts, components or materials should equipment fail despite the preventive maintenance efforts. Spare parts purchases made by the contractor will be reimbursed at cost.
