Affected Council District(s) or citywide? Citywide

Contract Control Number: TECHS-202159479

Vendor/Contractor Name (including any "DBA"): World Wide Technology, LLC.

Type and Scope of services to be performed:

The City maintains a metropolitan area network ("City Network") that provides services to all City sites (50 agencies (250 sites)). The City Network provides connectivity, transport for data, wireless, video and voice (including a clustered Cisco Call Manager for IP Telephony). It is designed and maintained using Cisco equipment and products. The City also maintains internal data centers, providing compute and storage for the City.

The City Network connectivity is a combination of dark fiber, DSL, and Metro Optical Ethernet. It operates 24x7x365 and carries a number of mission critical functions, including public works traffic and cloud applications, as well as life safety and physical security networks.

Through a solicitation process, Technology Services has awarded World Wide Technology who will act as a partner that employs Cisco technical resources (Professional Services) that are able to work on and install all Cisco products and related services within the City infrastructure.

Examples would be:

- Architecture, design for cisco networking, server, storage and voice system
- Major upgrades to the voice system supporting the city call centers (i.e. 311 and DHS) and 911 services
- Upgrade planning assistance for compatibility across all city infrastructure
- Automation of datacenter services
- Staff augmentation
- Architecture, Design, and Implementation of Virtual Server Platforms
