**A resolution approving a proposed Agreement between the City and County of Denver and HID Global Corporation concerning maintenance and support for the Aviation Identity Management System (IDMS) at Denver International Airport.**

Approves a contract with HID Global Corporation for \$908,876.16 and for three years, with two one-year options to extend, to provide maintenance and support for the Aviation Identity Management System (IDMS) at Denver International Airport (202158170). The las regularly scheduled Council meeting within the 30-day review period is on 12-20-21. The Committee approved filing this item at its meeting on 11-24-21.

**Affected Council District(s) or citywide?** Council District 11

**Contract Control Number:** 202158170

**Vendor/Contractor Name (including any "DBA"):** HID Global Corporation

**Type and Scope of services to be performed:**

The purpose of this contract is to provide maintenance and support for the Aviation Identity Management System (IDMS) at Denver International Airport (DEN). The IDMS software provides Airport Security with the ability to process, issue, and manage Airport ID badges, Security Identification Display Area (SIDA) training records, Criminal History Records Checks (CHRC) and Security Threat Assessments (STA), per the Transportation Security Administration's (TSA) regulatory requirements, for the more than 30,000 badge holders at DEN. This software support and maintenance agreement will allow DEN to meet TSA regulatory requirements related to Airport ID badges, maintenance of security-related training and training records, processing of Criminal History Records Checks and Security Threat Assessments as required by TSA. The inability to perform these functions would result in DEN not being able to meet the TSA regulatory requirements for Airport ID media and access control.
