**A resolution approving a proposed Amendatory Agreement between the City and County of Denver and Murphy Company Mechanical Contractors and Engineers to add compensation and a new end date for Mechanical Engineering Services.**

Amends a contract with Murphy Company Mechanical Contractors and Engineers by adding \$8 million for a new total of \$20 million and two years for a new end date of 3-28-24 for preconstruction, in-house design and engineering, and construction services as needed for deferred maintenance projects in municipal buildings, citywide (DOTI-202160574-01; 201947295-01). The last regularly scheduled Council meeting within the 30-day review period is on 1-10-22. The Committee approved filing this item at its meeting on 12-7-21.

**Affected Council District(s) or citywide?** Citywide

**Contract Control Number:** DOTI-202160574-01 (201947295-01)

**Vendor/Contractor Name (including any "DBA"):** Murphy Company Mechanical Contractors and Engineers

**Type and Scope of services to be performed:**

Murphy Mechanical has been providing integrated mechanical construction services under the Mechanical Integrated Contract (MIC) for The City and County of Denver and has been performing well and providing an important resource for the City to implement mechanical construction projects. The current contract duration for the Mechanical Integrated Contract is set to expire on 3/28/2022. Under analysis of the remaining capacity of the current contract, it is recommended to extend these contracts for an additional 2 years, + \$8M additional capacity added to the contract. The reasoning for the extension includes economic uncertainty in the mid-term making re-procurement scope unclear, and current vendor is well performing and progressing toward meeting DSBO goals. Formal procurement for the Mechanical Integrated Contract will be set to issue a new contract once the extended contracts expire on 3/28/2024.
