Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

This ordinance request seeks to transfer and appropriate \$5,000,000 from Fund 15828 into Fund 36050 to support parks and recreation improvements as part of the Weir Gulch-Decatur Crossing flood mitigation project. This funding serves as Denver Parks and Recreation (DPR) contribution to match Wastewater Enterprise and Mile High Flood District (MHFD) funding for this phase of the project, which includes parks, trail, and open space enhancements along the waterway. This project phase includes acquisition, design, and reconstruction of Weir Gulch from the South Platte to west of the Decatur street crossing.
