Vendor/Contractor Name (including any "DBA"): McKinstry Essention, LLC

Type and Scope of services to be performed:

The DEN Energy Performance Contracting Implementation Services Agreement with McKinstry Essention, LLC (McKinstry) is to implement the energy and water conservation measures identified in the Investment-Grade Audit (IGA), with guaranteed and measurable savings at Denver International Airport (DEN). Between 2019 and 2021, McKinstry audited over 8 million square feet in 11 facilities, plus six parking lots at DEN. The final IGA Audit Report contained a portfolio of energy and water efficiency projects with guaranteed annual savings of more than \$4.8 million. This Agreement will also include a three-year post-implementation measurement and verification period to ensure that the guaranteed savings are realized by DEN. By implementing these proposals, DEN will be able to achieve a 21% energy usage reduction, a 19% greenhouse gases (GHG) reduction, a 28% water usage reduction, and replace over \$58 million of aging assets. This project is crucial to DEN's strategic goals of becoming the most sustainable airport in the world, enhancing the customer experience, and maintaining what we have.

Was this contractor selected by competitive process or sole source?

This procurement qualifies for the Professional Preference exception under Memorandum No. 8B and will not be competitively procured.

The RFP for the original IGA contract was issued on October 5, 2018. Nine responsive proposals were received on November 16, 2018, and were reviewed by an independent evaluation panel for their ability to conduct an IGA and implement the proposed energy and water efficiency projects. Following the evaluation of the proposals, interviews were then conducted from March 14, 2019, through March 19, 2019. McKinstry was selected by the evaluation panel for direct negotiations and contract award. Implementation of this project is based on the results of the IGA, and the savings would not be guaranteed by any other firm.

DEN Legal has reviewed this request for a professional preference and has determined it meets the requirements for the

Professional Preference exception under Memorandum No. 8B.
