Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

Establishing the 3015 East Colfax Urban Redevelopment Area ("Area") will assist in the process of redevelopment of an approximately 1-acre underutilized and blighted site generally situated along East Colfax Avenue between Milwaukee Street and St. Paul Street.

The proposed Area is the site of the All Inn Motel ("Motel"). The Motel closed to new patrons in March 2022 after years of operating at well below its capacity due primarily to its significant signs of physical deterioration. The Motel's deteriorating conditions erode the integrity of the historical property and contributes to an inhospitable pedestrian and business environment, inconsistent with the vision and for Colfax Avenue. The general objectives of the 3015 East Colfax Urban Redevelopment Plan are to reduce or eliminate blighted conditions as well as to stimulate the growth and development of the Area by supporting the rehabilitation of a historically significant and underutilized building and the creation of street-level commercial uses that will enhance the pedestrian and business environment along Colfax Avenue.

The Denver Urban Renewal Authority ("DURA"), in coordination with the City's Department of Finance and Department of Community Planning and Development, is seeking to establish an Urban Redevelopment Area to support the proposed redevelopment of the Area through the approval of an Urban Redevelopment Plan and the authorization of tax increment financing.
