Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

During the 2021 legislative session the Colorado General Assembly passed SB21-260 which imposed various delivery fees (\$0.27 in total), to be remitted to the State Department of Revenue, on deliveries of tangible property. The Denver Revised Municipal Code, along with most other home rule municipalities, treat this mandatory fee as part of the purchase price and therefore subject to Denver sales and/or use tax. The proposed ordinance will exempt the delivery fee from the sales tax and use tax imposed by the Denver Revised Municipal Code. The delivery fee will still be imposed by the state, but it will no longer be subject to sales tax.

While looking into this issue, we discovered other government-imposed fees and we are recommending exempting most such fees from taxation.
