Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

The Department of Public Health and Environment has entered an agreement with Denver Human Services to expand the Wellness Winnie program by purchasing a sprinter van to provide services in communities of need. This purchase will be authorized for purchase out of fund 14806, and the van will become an asset of DPHE, but the costs will be journaled to DHS per the above-mentioned agreement. The cost of the van exceeds the \$50,000 threshold that requires authorization for the purchase, electric options were considered but did not meet the requirements of the intended use of the vehicle.
