Affected Council District(s) or citywide? Citywide

Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

In November 2022, Denver voters approved Referred Ballot Measure 2I, which increased the City’s mill levy rate by 1.5 mills starting January 1, 2023, which will be used to fund the Denver Public Library to maintain existing services and meet the increased demand for additional services.

Revenue from Ballot Measure 2I can be used for both operating and capital purposes. To ensure capital expenses are being spent per the City and County of Denver Fiscal Accountability Rules, a new capital fund must be created, and all capital expenses must be charged to this fund. Therefore, this ordinance seeks to create a new capital fund, the Denver Public Library Capital Projects (34041) Fund, within the Capital Improvements and Capital Maintenance Fund Series to be utilized for library related capital improvement and maintenance projects. The expending authority for this fund will be the City Librarian and the fund will be appropriated and non-lapsing.
