Contract Control Number: ENVHL-202056458-01/ ESEQD-202367711-01

Vendor/Contractor Name (including any "DBA"): TRC Environmental Corporation

Type and Scope of services to be performed:

This contract amendment will add two years to an existing contract that provides environmental, engineering, scientific or other necessary services (including furnishing all labor and tools, supplies, equipment, oversight, superintendence, materials and everything necessary for and required to perform and complete the services authorized by a notice to proceed, including any changes thereto) as requested to supplement the Division of Environmental Quality's (DEQ) work efforts in: 1) environmental site assessment; 2) brownfields redevelopment; 3) leaking underground storage tank removal, investigation and remediation; 4) remediation and oversight and 5) environmental litigation support. The amendment allows DEQ to continue using this contractor under the existing contract. The increase in contract value to allow DEQ to use this contractor to continue work on a multi-year project associated with planning and cost estimation for a renewable natural gas facility at the Denver Arapahoe Disposal Site. TRC's work is technical and financial in nature and they will not be a bidder to an RFP if that is the way the city proceeds.
