Vendor/Contractor Name (including any "DBA"):

Bayaud Enterprises

Type and Scope of services to be performed:

The DEN New Heights Program, managed by DEN and operated by Bayaud, offers accessible work experience to justice-involved individuals and seeks to optimize transitional success to navigate employment services. Bayaud also offers employment pathways for justice-involved individuals who are exiting the CDOC system or already placed in transitional halfway housing. The contract amendment includes comprehensive, culturally responsive, trauma-informed interventions to improve outcomes for participants, as well as mental health and substance misuse counseling, resource navigation, benefits acquisition support, adult education, and job readiness training.

The work experience duties at DEN include landside functions outside of DEN's secure areas such as landscaping, minor road repairs, snow removal, and trash clean up. Participants attend employment retention classes to support their transition and are provided daily breakfast and lunch, supplementary clothing items, hygiene products and transportation to their worksite, and receive same-day payment at the end of each workday.

Based on the program exceeding key performance metrics for job placements, number of individuals served through the program and qualitative program sentiment during the mid-point evaluation of the program, DEN is seeking to amend its contract and expand the contract to add three additional crews for a total of four crews. This expansion will allow for greater coverage of needed work on the landside areas of DEN.
