Vendor/Contractor Name (including any "DBA"): Matco Well Service, Inc

Type and Scope of services to be performed:

This is the 2nd amendment to an existing agreement to extend the contract term by one (1) year. The extended term will allow Matco Well Service, Inc the additional time needed to provide the well work-over rigs for the operations and maintenance at Denver International Airport (DEN). Currently the DEN Oil and Gas Program is undergoing a feasibility study with University of Wyoming (Contract #201737004) to determine the economics of the wells or whether they should be shut-in or temporarily abandoned.
