Contract Control Number: 201737244

Vendor/Contractor Name (including any "DBA"): Brothers Redevelopment, Inc.

Type and Scope of services to be performed:

Originally launched in late 2017 with \$865,000 between two community-based contractors, Denver's Temporary Rental/Utility Assistance (TRUA) program is designed to prevent displacement by assisting low- and moderate-income residents experiencing a housing crisis to maintain stability in the time it might take to find alternative housing. A housing crisis may be defined as job/income loss or other economic pressures, unsafe housing conditions, an energy shutoff notice, or potential eviction.

Based on the strong demand for and successful rollout of TRUA in its pilot phase, the city provided an additional \$1M (\$500,000 per partner) to this critically needed program.

OED's Notice of Funding Availability (NOFA) for 2019 housing programs included a request for TRUA applications that could be funded in 2019. The NOFA applications are currently under review, and although the intent of OED is to have 2019 Housing Program contracts executed by January 1, 2019, this additional funding is to ensure TRUA is available during the holiday season during which time rental and utility assistance programs are highly utilized in the event the 2019 TRUA contracts are not executed by January 1.

Eligible households will be asked to provide proof of their residency at the current address for at least 60 days, evidence of the housing crisis, and fall within income limits (i.e., earning no more than \$50,350 for one person, or no more than \$71,900 for a household of four). Assistance payments are made directly to the landlord or utility company.

The city's five-year housing plan, *Housing an Inclusive Denver*, sets a stabilization goal of 10,000 households between 2018 and 2023. This stabilization includes the TRUA program in addition to such strategies as emergency home repair, single-family home rehabilitation, landlord/tenant services, and eviction assistance.

In the first extended phase of TRUA, OED and the TRUA partners added additional emphasis on housing counseling, financial literacy, and benefits navigation, all prompted by the observation from the pilot phase that households being served need not just immediate assistance but also help with strategies for longer-term housing stability.
