**A resolution approving a proposed First Amendatory Agreement between the City and County of Denver and HYDROSYSTEMS-KDI, INC. to correct the Workers Compensation requirements for on-call irrigation planning, design, and consulting services for parks and park facilities, citywide.**

Amends a contract with HYDROSYSTEMS-KDI, INC. to correct the Workers Compensation requirements for on-call irrigation planning, design, and consulting services for parks and park facilities, citywide. No change in contract amount or duration (201947005). The last regularly scheduled Council meeting within the 30-day review period is on 8-5-19. The Committee approved filing this item at its meeting on 7-2-19.

**Affected Council District(s) or citywide?** Citywide

**Contract Control Number:** 201947005

**Vendor/Contractor Name (including any "DBA"):** HYDROSYSTEMS-KDI, INC.

**Type and Scope of services to be performed:**

On-call irrigation planning, design, and consulting services was executed in February 2019. The contract that was executed accidentally misclassified the vendor's Workers Compensation requirements. The executed contract waives the WC requirement for this vendor, but in reality

they have employees and do need (and do have) WC coverage.

Work will typically consist of (but is not limited to) assessment planning, design, and construction observation services related to parks and park facilities. Types of work may include assessment of existing park irrigation assets; design documents for repair, renovation, or replacement of existing park irrigation assets; design documents for improvements and upgrades to existing irrigation assets; system-wide planning and park-specific irrigation master planning efforts (individual park master plans, system-wide assessment reports, asset-specific planning, public engagement, and outreach); water supply infrastructure including ditch work, pump station facilities, and other delivery infrastructure; and conversion from potable to reclaimed or raw water supply.
