Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

A demolition application for 4345 West 46th Avenue, Howard Berkeley Park Chapel, was submitted to CPD on May 29, 2019. Landmark staff reviewed the structure and found it had the potential to be an Individual Denver Landmark. Public notice of the demolition application was posted. On July 10, 2019, three residents of Denver submitted a Landmark designation application.

Landmark staff performed an investigation and found the application to be complete and to meet Denver landmark designation criteria. As such, staff set a public hearing at the Landmark Preservation Commission meeting on August 20, 2019. The LPC reviewed the application, recommended approval, and is forwarding the designation application to city council.

Per 30-6(1)(b), a designation application submitted as part of demolition review, must be reviewed by LPC and forwarded to city council, voted on by city council, and signed by the mayor within 120 days of receipt of the demolition application, in order for the property to become an Individual Denver Landmark. If the designation application process is not completed within 120 days, a demolition approval for the property would be issued. The 120-day deadline for this application is September 26, 2019.
