### Type and Scope of services to be performed:

The Denver Sheriff's Department uses the Workforce Telestaff scheduling software cloud version.

File #: 20-0150, Version: 1

DSD elected to migrate to the cloud version to put the burden of infrastructure and software maintenance onto Kronos as they did not have the in-house expertise. The Telestaff software has been created specifically for public safety agencies and is used across the nation. This software solutions continues to meet the needs of the City's Safety agencies and this purchase is for the continual support and hosting of the software. Support includes vendor monitoring of the application as well as issue resolution assistance to ensure the application is functioning at is maximum performance. The City's Safety agencies require this specialized scheduling software as they have different scheduling needs than non-Safety City employees.
