Business Improvement Districts (BID's) are organized for the benefit of commercial properties to assist with infrastructure improvements and their maintenance, as well as having the ability to perform marketing and economic development activities. This is the annual operating plan and budget for Cherry Creek North Business Improvement District ("CCN" of the "District").

General Description of District and Location: The District is located just southeast of central downtown Denver and covers a 16- block area. The CCN boundaries generally are University Boulevard on the west, Steele Street on the east, between 1st and 3rd Ave.

The District is a mixed-use area including retail, office and residential development that was

originally created to fund and maintain streetscape improvements installed in 1989. Since then the District has experienced significant growth prompting it to implement a Capital Improvement Plan to revitalize the area. Improvements constructed in 2010-2011 totaled \$18.5M and included: improvements to Fillmore Plaza, streetscape enhancements, lighting, signage and directories. The District issued bonds to finance this work and through the years has advance refunded the original bonds to take advantage of interest rate and maturity savings. As of year-end 2019, the district had \$13,495,000 in principal debt outstanding.

The District also provides services such as:

- Maintenance
- Marketing & advertising of district events & programs
- Security for businesses & public areas within the District
- Parking for District customers
- Snow & trash collection.

Operations and improvements of the BID are financed by a mill levy assessed only on commercial real property within the District. The District plans to assess a 15.142 total mill levy during 2021. The total budgeted expenditures and reserve allocations for 2021 are \$8,096,765.

District Structure: The Board of Directors oversees the operations of the District. These duties include annually recommending the mill levy to be imposed to support operational activities, a work plan, and a budget. The District has a 13-member Board of Directors which is currently composed of 11 electors with 2 vacant board seats.

For all BIDs that have mill levies: City Council will pass a resolution in December to levy all special district mill levies for the 2021 budget year.
