Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

In 2021, capital improvement funds were appropriated for the charging of City staff time for project management activities on capital projects as savings measure to the General Fund during the pandemic. A portion of DOTI's City staff charging budget was not fully utilized due to vacancies. This request is to rescind \$1,065,332 from unused capital improvement funds intended for DOTI City staff project management and reappropriates the funds to support DOTI professional services for the Infrastructure Investment and Jobs Act.

The professional services activities supported by this appropriation of funds include strategic planning to prepare for early IJJA grant opportunities and support the complex, grant application preparation including eligibility and competitiveness review, benefit-cost analysis, and project approach and delivery to meet federal requirements. It is anticipated that as many as 6 IJJA grant applications will be prepared between now and the end of 2022.

This ordinance will appropriate the funding as follows:
