ARCHWAY INVESTMENT CORPORATION, INC

Type and Scope of services to be performed:

The proposed work is to convert the historic buildings from dormitory use to apartments including full kitchens and full bathrooms. In Founders Hall and Presidents Hall, relatively less work will be needed to create family units due to recent renovations and the existence of bathrooms/plumbing in each existing dorm room. In Johnson Hall and Wales Hall, a full-gut rehab of the living spaces is anticipated. Existing bathroom cores will be reused to the greatest extent possible. The well-maintained historic exteriors as well as a number of intact historic interiors will be maintained with the goal of securing a historic listing on the federal register as well as state and federal historic tax credits.

Each building will include resident storage, bike storage, on-site laundry, elevator service and a building entry security system. In addition, on-site staff will provide property management services, building maintenance, and resident supportive services. In-unit amenities will include central air conditioning, a hot water heating system with radiant heater units, refrigerators, stoves/ovens, dishwashers, and luxury vinyl tile throughout. The development budget currently includes higher-quality finishes including granite counters, tile backsplashes, and tile shower surrounds. All utilities will be owner-paid.
