Type and Scope of services to be performed:

This project will provide architectural and engineering design services for the renovation and rehabilitation of the Loretto Heights Theater Campus at 3001 S Federal Blvd, Denver, CO 80236 to address major systems and finishes that are

beyond their useful life. The project will include the Loretto Heights Theater and new parking structure to serve the Theater, with an option for additional design of the Library renovation as a potential additional service or phase as funding and property acquisition is finalized.

The southwest area of Denver lacks reasonable access to cultural or performing arts venues since the Loretto Theater closed five years ago. This project will renovate and rehabilitate the Theater at the Loretto Heights Campus. The renovation will address major systems and finishes that are beyond their useful life. The project would also include conveyance systems refurbishment and a parking structure. The primary focus of the Loretto Heights Theater Campus Project includes renovation of the existing Theater to meet current ADA requirements, replacement and reconfiguration of theater seating, replacement and renovation of theater equipment to meet current code and functionality standards, renovation of restrooms throughout, renovation of public lobby/reception spaces for modern functionality and access, upgrade HVAC systems, new parking structure, exterior access improvements. This includes building system upgrades, new interior finishes, data and technology upgrades, FFE, as well as environmental abatement as necessary. This project will include the master planning and conceptual design phases for the Theater, adjacent existing Library building, and new Parking Structure.
